

Expert Working Group's Terms of Reference

Harmonisation and improvements to the test procedures for Fast Cook-off (STANAG 4240)

(Excerpt)

Hans Göran Ohlsson, chairman

The Expert Working Group is to:

- a) Identify the key test methodology criteria detailed in STANAG 4240.
- b) Collate National test procedures from each IMEMG member country.
- c) Identify any differences between the National test procedures with particular reference to the key test methodology criteria.
- d) Identify Improvements to the test purpose and methodology.
- e) Prepare a report which recommends a harmonised and improved STANAG 4240 and supporting test procedures.
